

Fulham Alumni Drinks

June 2024

On 25th June 2024, we were thrilled to welcome back past pupils and parents to join us for 'After Work' Drinks. A stellar effort had been made by past pupils and gap year students to get the invitation out amongst our ex pupils and several current parents did the same with the parent network. Over 100 of us convened in our playground marquee, despite the sweltering conditions and the England Euros match, which was kicking off at 8pm. Old and young alike used the opportunity to drink, mingle and look back fondly. Annette spoke about the Alumni and its aims and our hopes that past pupils, parents and staff will breathe life into the network by hosting their

own events and gatherings, which they would in turn share with us. By far the element I most enjoy at these evenings is the reconnection of old relationships and the forging of new ones. It was heartening to watch people who had last seen each other as children warmly embrace as young adults. Or to put together two people who had never met but would be attending the same university come September. It would seem that a friendly ex Thomas's pupil is never far away wherever you are in the world. Next year will be our 20th year as Thomas's Fulham and we will be looking at ways that we can celebrate this achievement with our Alumni association.

Our hope is to get everyone who is interested to register online, as our numbers and events grow we will rely on this centralised database to send invitations and create networks as it is by far the most efficient method. In the meantime if you are ever interested in hosting something for the Alumni, wherever in the world you may be, please do get in touch and we would be more than willing to assist you in recalling names and faces.
